

Infrastructure and Facilities

- The Institution has adequate infrastructure and physical facilities for teaching-learning. viz., classrooms, laboratories, computing equipment etc.
- The Institution has adequate facilities for cultural activities, sports, games(indoor, outdoor), gymnasium, yoga centre etc.
- The Institution has adequate classrooms and seminar halls with ICT- enabled facilities such as smart class, LMS, etc.
- Library as a Learning Resource
- The institution has subscription for the following e-resources:
 1. E-journals
 2. e-Shod Sindhu
 3. e-books
 4. Databases
 5. Remote access to e-resources
- Institution has frequently updates its IT Infrastructure including Wi-Fi

Utilization & Maintenance of College Facilities

Established System & Procedures for Maintaining & utilizing Physical, Academic and Support Facilities – Labs, Library, Sports Complex, Computers, Classrooms etc

There is a well-established system in the college for the optimum use of available infrastructure and its regular maintenance. The transparent SOP (Standard Operating Procedure) is followed for this purpose to have clarity about respective duties and sense of responsibility among staff members. There is an effective distribution and delegation of work through the comprehensive system of committees to ensure active participation of staff and to achieve overall efficiency in carrying out different tasks. These committees work independently for their allotted work under the overall supervision of the Principal. Besides this, the different teaching departments are to take care of the matters related or allied to their fields. The works so distributed are well understood and there are unambiguous channels to supervise the college facilities for their utilization, maintenance and up-gradation. There is a set procedure to purchase any item or get the work done for the college and it involves the assessment of the need, the calculation of estimate cost, the approval of administrative sanction, the formation of committee of get quotations from open market, the comparing of rates of the quotation, the approval of financial sanction, the placement of order to the lowest bidder and the final payment after the completion of the process.

Classrooms:

There is regular upkeep of classrooms and the cleaning staff ensures daily sweeping of the rooms and cleaning of boards and benches. The Electricity Committee ensures proper lighting and fan facility and the non-working electricity gadgets are repaired or replaced immediately. The whitewash and other repair requirements are assessed at regular interval by the Construction Committee and needful has been done.

The airy and well-spaced classrooms are optimally utilized to provide healthy and hygienic study conditions to students and they remain occupied throughout the working hours for studies and related activities. During exam days, these are allotted in a way that simultaneous classes, whose exams are scheduled later on, can be held without affecting the sanctity of examination process. These classrooms also provide a good space with congenial sitting arrangement and necessary teaching aids to organize co-curricular/extra-curricular activities and extension lectures.

Laboratories:

There is a good infrastructure of laboratories in the college and there are separate labs in each department where practical is the part of the prescribed syllabus. These labs are well equipped with necessary experimental facilities and are upgraded annually with the addition of equipments and other practical related materials. As for classrooms, their cleanliness, upkeep, electricity requirements and overhauling needs are arranged for by the respective committees in an effective way.

The laboratories are used by all the practical subject students in the groups of 15-20 under the expert supervision of experienced teachers and with the logistic support of other lab staff. The students are given optimum exposure of experimental learning and it is ensured that each student must know about the procedure and method to conduct the experiments.

Computers and Other ICT Facilities:

There is a rich infrastructure of computer labs and other ICT facilities in the college for providing their optimum exposure to students as it is the need of the hour. The Compulsory Computer Lab, Computer Science Department Lab, English Language Lab, Computer Labs in the Departments of Commerce, Economics, Geography, Mathematics and Physics, E-Resource Centre in the Library and computer facilities in different teaching departments provide a rich availability of ICT facilities to students and staff. These are supported by eighteen VPN broadband connections and three leased lines of twenty MBPS, ten MBPS and three MBPS and Wi-Fi facility. There are some key empowered committees to assess, maintain, upgrade and modify computers and IT infrastructure of the college, namely, the ICT Data Base Committee and the Broadband and Internet Facility Committee. They take care of the purchase of computer accessories and antivirus software; cartridge refilling; repair jobs; bill payment; and uninterrupted internet connectivity in the college. These facilities are used optimally by the teachers, students and other staff for studies, co-curricular/extra-curricular activities, administrative and official works and research purposes.

Library:

There is a separate block of Library within the main building of the college consisting of well stocked two storied book space, a well-equipped E-Resource Centre and an extended reading lounge. The E-Resource Centre has the support of leased line for speedy ready access to internet facilities. Every year, new books are purchased after getting recommendations of the concerned teachers. There is a separate Library Committee which after assessing the need of books and other ICT tools in the library arranges for their purchase and ensures their regular maintenance with the consultation of the Principal. It also ensures healthy and hygienic study environment in the library.

There is optimum utilization of library facility in the college and the library reading lounge is almost full round the day. Teachers and students get books issued for a set time period and later on get them reissued or exchanged them with new books. In the regular classes and in mentor group meetings, students are motivated to make use of library facility for their intellectual growth.

Sports Complexes and Facilities:

There is a large eight acre multipurpose sport ground, the separate grounds for handball, basketball and badminton, the open gym and the facility of wrestling and boxing mats in the college for practice and organization of the related sport events. The teachers of Physical Education Department ensure the regular upkeep of these facilities and their optimum use. Students regularly use the sports facilities for recreation, physical development and preparing for sport competitions. There are liberal provisions for providing sport equipments, gears and dresses to participant students and they are replenished regularly for ensuring best of the facility to students.

Other Support Facilities:

There are many other support facilities in the college, namely, a well-furnished centrally located Auditorium with good audio-visual facility, a well-equipped Conference-cum-Activity Room, Girls' Hostel and Canteen. There are separate committees for maintaining these facilities and they are optimally used for the benefits of students.

Lab Facilities

Physics Lab

The Lab is equipped with various models different type of apparatus testing materials. Our Physics Laboratories have all the equipment in sufficient quantity so that each pupil teacher can perform his practical individually.

Chemistry Lab

To provide the best knowledge to the chemistry students, our college is strongly committed. Chemistry lab is provided to them with latest equipments & well infrastructure. Lab Attendants are also well experienced to solve the problems.

Biology Lab

Bio-students serve the country by providing their treatment facilities. So they need real life experience. Biology labs help these students to increase their knowledge so that they are able to provide their best services to the Nation. Students will learn practical skills in planning, executing, analysing and troubleshooting research protocol. The goal of biology lab is to expose students to various techniques in Zoology, Botany and Bio-Technology as well as to prepare them for independence in research settings.

Computer Lab

College has Computer labs with latest technologies. All the labs are well furnished with good infrastructure & modern facilities.

Home Science Lab

Home Science lab is also provided to the students so that they can experience the real life.
