Summary of Responses

After analyzing the feedbacks received from Students, following major points can be summarized :

A good proportion of responses have expressed their satisfaction with the current pedagogical environment, curriculum ,teachers' involvement and learning opportunities that the college provides. They have appreciated the teaching -learning approach that the college and its faculty adopt. However students pointed out some areas of improvement as:

- Need of Photocopy facility in library
- Requirement of College canteen
- More ICT Tools should be used by teachers
- Need to improve Toilet Hygiene
- Result and attendance record should be displayed on website
